

# ZeClock

## ANALOG SMARTWATCH WITH QUARTZ MOVEMENT

- I tell time
- I ring and vibrate on incoming calls
- Answer or reject calls directly from your wrist
- I notify you of incoming SMS, emails and social media activity
- Use voice commands to control your smartphone remotely
- I count your daily steps
- I alert you when your phone is away

ZeClock set with 54 Swarovski Zirconia, is an analog smartwatch that combines premium design and breakthrough technology. Powered with a three hands quartz movement, Bluetooth 4.0 connectivity, built-in microphone, speaker and intuitive side buttons, ZeClock allows users to receive and make calls directly from their wrist. On its OLED screen, ZeClock notifies users of incoming calls, SMS, emails, social media activity and life reminders without having to look at their phone. ZeClock also supports Siri and Google Now to let you easily interact with your phone using voice commands. Equipped with a 6-axis accelerometer, ZeClock tracks and shows your daily steps so you can keep an eye on your activity level. ZeClock can also be used as a remote control to take pictures. ZeClock features an anti-lost alarm that alerts you when your paired device is away and a find my phone function that helps you track it back. Compatible with iOS 7+ and select Android 4.3+ devices that support Bluetooth 4.0, ZeClock comes with a free mobile app that let you pick and choose the information you want to receive on your smartwatch.
